

## NEWS RELEASE

### **ENERSOURCE SUPPORTS SUNNYBROOK STATE-OF-THE ART BURN CENTRE**

November 25, 2011 – (MISSISSAUGA, Ontario) – Enersource is proud to announce that it has donated \$25,000 to Sunnybrook Foundation's Ross Tilley Burn Centre.

The donation will support the Trauma, Emergency & Critical Care Program and be directed toward the Burn Surgery Endowment Fund. These funds will be allocated for research in burn surgery, reconstruction and scarring.

"Sunnybrook is widely recognized for its world class treatment and research, notably to electrical burn injuries," said Craig Fleming, President and Chief Executive Officer of Enersource. "This leadership became critical to us when one of our employees required emergency care. We would like to encourage members of our utility sector to offer support to this state-of-the-art burn and trauma unit. "

Sunnybrook welcomes financial contributions to advance their research and medical services. In partnership with the University of Toronto, Sunnybrook leads by discovery, innovation, teaching and learning.

"Our work at Sunnybrook is driven by saving patients' lives, based not only on what is known but also on what can be discovered," says Dr. Marc Jeschke, Medical Director of the Ross Tilley Burn Centre. "It is donations like this that help us invent the future of health care."

Sunnybrook is a premier academic health sciences centre, fully affiliated with the University of Toronto. Sunnybrook Health Sciences Centre is one of Canada's largest and most dynamic hospitals. With 10,000 staff, physicians and volunteers, Sunnybrook provides the best care for critical times in the lives of the 1.2 million patients seen each year.

Enersource is a progressive electricity distribution and energy solutions company focusing on quality of service through operational excellence.
