FIND OUT IF ROOFTOP SOLAR IS RIGHT FOR YOUR BUSINESS

Do you own or operate a local company? Are you looking for new 'green' ways to conserve energy? Do you want to learn more about the benefits of rooftop solar for your business? If so, we've got just the event for you!

Partners in Project Green (PPG) along with the Automotive Parts Manufacturers Association, Canadian Manufacturers and Exporters, Supply Chain and Logistics Association Canada and *Enersource Hydro Mississauga* are presenting a half-day information session to make sure you have the facts on rooftop solar.

Partners in Project Green (PPG) is a coalition of like-minded organizations working together to help local businesses 'green' their bottom line through the creation of an internationally-recognized Eco-Business Zone in the industrial areas surrounding the airport.

Don't miss out on this opportunity to educate yourself and find out if rooftop solar is right for your business.

When: June 1, 2010
8:30 a.m. – 12:00 p.m.

Where: Fire and Emergency Training Institute
Toronto Pearson International Airport
2025 Courtney Park Drive East
Mississauga, Ontario

What: Learn more about Ontario's Feed-In-Tariff (FIT) process, receive tips for getting started and learn more about local rooftop solar success stories!

Cost: \$30.00 Members only fee*
\$50.00 Non-members

**Note: Includes members of Partners in Project Green, Canadian Manufacturers and Exporters, Supply Chain and Logistics Association and the Automotive Parts Manufacturers Association*
