ROUND UP THE SAVINGS BY RECYCLING YOUR OLD FRIDGE TODAY

Are you looking for a free and easy way to get rid of your old, electricity-guzzling fridge or freezer this summer?

Look no further! Enersource Hydro Mississauga (Enersource) can help. We want to help you conserve energy and save money with the **Great Refrigerator Roundup**.

What is the Great Refrigerator Roundup?

The Great Refrigerator Roundup is a province-wide program that began in 2007. It's designed to remove older, inefficient fridges and freezers from Ontario's electricity system.

The program picks up and removes older fridges and freezers, as well as other older appliances such as window air conditioners and dehumidifiers for free and dismantles them in an environmentally friendly way.

Why should I participate?

Older refrigerator and freezer units typically use two to three times more electricity than newer models. By removing these inefficient appliances, customers can save up to \$150 per year on their energy bill while helping the environment at the same time.

How do I qualify?

To qualify, you must have a full-sized fridge* or freezer that is 15 years or older and is in working condition at the time of pick-up.

Eligible customers can also have a 'secondary appliance' such as a window air conditioner picked up at the same time. The secondary appliance must be ten years or older, in working condition and located near a power source at the time of pick-up.

**Note: Ammonia-based refrigerators are not eligible for pick up*

How can I sign up?

To learn more & sign up for the Great Refrigerator Roundup, visit Enersource's website at www.enersource.com/conservation or call **1 877 797 9473** today.

Enersource Events

Enersource is attending summer events in the local community. Visit our website at www.enersource.com/events to find out when we'll be in your neighbourhood and drop by to learn how to green your bottom line with energy conservation tips, activities and much more!

Interested in having Enersource attend your upcoming event? Send us the details at eventsvan@enersource.com and we'll do our best to be there.
